

Barrie, ON – February 02, 2010 – NetGain SEO is pleased to announce the introduction of a new Graphic/Web Designer. Natashya Bay brings eight years of graphic and web design experience to the ever expanding company. She is much needed and welcomed addition to their development team.

The company is experiencing tremendous growth despite the current economic downturn. In hiring a new Graphic/Web Designer NetGain wanted a candidate that would grow with the business. Natashya compliments the company's rapid growth and commitment to quality creative services.

Natashya will help with the construction of websites, print materials and online advertisements. Her qualifications include a Bachelor of Arts from the University of New Brunswick and Advanced Graphic Design Certification from Georgian College. Along with her education, Bay brings several years of hands on working experience in the design field.

NetGain was founded in 2008 as an advanced web and graphic services company. NetGain specializes in making websites that are easily found on major search engines, such as, Google. Using modern search engine optimization techniques, state-of-the-art layout and graphic design tools they create clean, searchable sites.

The goal is to apply Natashya's seasoned skills, experience and knowledge to the services which NetGain offers. Bay is fluent in Adobe Creative Suite and QuarkXPress design software. She is also an expert at photography, photo retouching and web development. According to Drew Dekker, Vice President and founder of NetGain SEO, "We are pleased to have Natashya onboard. Her skills compliment our goal of continually improving the service we provide our customers. We look forward to her future contributions and refreshing design concepts."
